For 35 years Dr. Gary Parsons has been providing chiropractic and nutrition based healing to the Clinton area. His son Dr. Mark Parsons joined the practice in 1998. Our mission is to provide you with the latest and best methods in chiropractic and alternative health care to benefit your unique health care needs in the most efficient way possible. We have recently introduced electronic instrument adjusting and cold laser light therapy to our patients. Seeing the body's ability

to heal itself and the resulting improvement of everyday aches and pains, sciatica, carpal tunnel syndrome, disc problems, jaw problems, post surgical wounds, etc. is remarkable. We are available to help you six days a week, and we're usually open late for those who need to come in after work.

## December 18th, 2008 Marked Our 2nd Anniversary

*Bizzy B Scrubs is a relatively new locally owned store, located at 246 5th Ave. S., that specializes in medical apparel. Bizzy B Scrubs is owned and operated by Clinton native Becci Day-Streets. It has been a long time dream of Becci to own a business, and in 2006 she realized her dream.*

*When she had the idea to open her store Becci immediately thought of the downtown area. And her location is special to her as well. "My Grandmother and I use to ride the bus downtown and walk to Woolworths and drink real cherry cokes at the lunch counter. Now my office sits about where the lunch counter was, everyday I can think of when I was younger, and now here I am with my store! I just love the downtown and I'm so happy to be here!"*

*Bizzy B Scrubs carries a number of name brand scrubs such as Cherokee, Landau, and Peaches, plus Bizzy B carries the latest junior styles offered by Izzy and Urbane scrubs.*

*"Even people who aren't in the medical field can wear scrubs," says Day-Streets, "They make great pajamas, and are great for gardening and other hobbies."*

*Come and visit Bizzy B Scrubs. "Providing quality, affordable medical apparel in a customer friendly atmosphere."*
